Summary

Senior React/Vue.JS Front-End Developer

I am a professional developer with over 7+ years of experience in web development.

I have spent most of my career in web development-starting with PHP, later working with Java and Spring, and now I am mastering the front-end field.

I love to work with great people, inspiring others, and being inspired. My specialties include JavaScript/TypeScript, Node.js, React, Vue.js, and many more.

The scope of my professional skills are below:

- Language: ECMA(ES6), JavaScript, Typescript, HTML5, CSS3, GraphQL, Sass, Java, Python
- Frameworks/Libraries:
 - React: React.js, Redux-saga, React Router, GatsbyJS, Next.js
 - Vue: Vue.js, Vuex, Vuetify.js, Nuxt.js, Vue-Material
- Test Frameworks: Jest, React-Testing-Library, Cypress
- Database: My SQL, MongoDB, AWS DynamoDB
- Platforms: Windows, Linux, Heroku, AWS, Google Firebase
- Tools: NPM, Mocha, Git, GitHub, GitLab, Slack, WebStorm, VS Code, Trello, Jira

I'm a good team player and can follow Agile methodology to provide rapid project delivery.

Best Regards!
